## 1. Identification of the substance/mixture and of the company/undertaking.

### 1.1 Product identifier

Product form : Mixture  
 Trade name : Sang en poudre  
 HS code : 33049100

### 1.2 Relevant identified uses of the substance or mixture and uses advised against

Relevant identified uses: Intended for general public.  
 Use of the substance/mixture: Cosmetics: Makeup product intended to create special effects. To be diluted in water before use.

### 1.3 Details of the supplier of the safety data sheet

Company : Maqpro  
 2 ter rue Alasseur  
 75015 Paris  
 Phone : 01 42 25 10 11  
 Mail : usine@maqpro-usine.fr

### 1.4 Emergency telephone number

France : ORFILA : +33 1 45 42 59 59

## 2. Hazards identification.

### 2.1 Classification of the substance or mixture

Not considered like a hazardous substance.

### 2.2 Label elements

Not considered like a hazardous mixture.

### 2.3 Other hazards

No additional information available.

## 3. Composition/information on ingredients

### 3.1 Substances

Not applicable. See section 3.2.

### 3.2 Mixtures

Classification according to Regulation (EC) No 1272/2008: No hazardous component.

|                                                                                   |                                                       |                            |              |

|                                                                                   | <b>SANG EN POUDRE</b>                                 |                            | Version : 1  |
|                                                                                   | Review date: 26/09/2025                               | Printing date : 23/10/2025 |              |

#### 4. First aid measures

##### 4.1 Description of first aid measures

|                                        |                                                                                                 |
|----------------------------------------|-------------------------------------------------------------------------------------------------|
| First aid measures after inhalation:   | Remove person to fresh air.                                                                     |
| First aid measures after skin contact: | Wash with water and soap and rinse thoroughly. If skin irritation continues, consult a doctor.  |
| First aid measures after eye contact:  | Rinse cautiously with water for several minutes. If eye irritation continues, consult a doctor. |
| First aid measures after ingestion:    | Seek immediate medical advice.                                                                  |

##### 4.2 Most important symptoms and effects, both acute and delayed

No further relevant information.

##### 4.3 Indication of any immediate medical attention and special treatment needed

No further relevant information.

#### 5. Firefighting measures

##### 5.1 Extinguishing media

Suitable extinguishing media: Water spray. Dry powder. Foam. Carbon dioxide.

##### 5.2 Special hazards arising from the substance or mixture

No further relevant information.

##### 5.3 Advice for firefighters

Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing.

#### 6. Accidental release measures

##### 6.1 Personal precautions, protective equipment and emergency procedures

Not necessary. Particular danger of slipping on leaked/spilled product.

##### 6.2 Environmental precautions

Avoid release to the environment.

##### 6.3 Methods and material for containment and cleaning up

Pick up mechanically. Ensure adequate ventilation.

##### 6.4 Reference to other sections

|                                                                                   |                                                       |                            |              |
|-----------------------------------------------------------------------------------|-------------------------------------------------------|----------------------------|--------------|
|  | <b>SAFETY DATA SHEET</b><br>according to 1907/2006 CE |                            | Page 3 sur 5 |
|                                                                                   | <b>SANG EN POUDRE</b>                                 |                            | Version : 1  |
|                                                                                   | Review date: 26/09/2025                               | Printing date : 23/10/2025 |              |

For further information, refer to section 13.

## 7. Handling and storage

### 7.1 Precautions for safe handling

Handling: No special measures required.  
 Information about fire and explosion protection: Keep ignition sources away. Do not smoke.

### 7.2 Conditions for safe storage, including any incompatibilities.

Store the product in its original packaging away from light and moisture between 5 and 25°C.

### 7.3 Specific end use(s)

No additional information available.

## 8. Exposure controls/personal protection

### 8.1 Control parameters

No further relevant information available.

### 8.2 Exposure controls

No personal protection is required.

## 9. Physical and chemical properties

### 9.1 Information on basic physical and chemical properties.

Appearance: Powder.  
 Odour: None.  
 Colour: Dark red to brown.  
 pH-value: Not applicable.  
 Melting point: Not applicable.  
 Relative density: No data available.  
 Viscosity: Not applicable.  
 Solubility: Soluble in water.

### 9.2 Other information

No additional information available.

## 10. Stability and reactivity

|                                                                                   |                                                       |                            |              |
|-----------------------------------------------------------------------------------|-------------------------------------------------------|----------------------------|--------------|
|  | <b>SAFETY DATA SHEET</b><br>according to 1907/2006 CE |                            | Page 4 sur 5 |
|                                                                                   | <b>SANG EN POUDRE</b>                                 |                            | Version : 1  |
|                                                                                   | Review date: 26/09/2025                               | Printing date : 23/10/2025 |              |

#### 10.1 Reactivity

Stable.

#### 10.2 Chemical stability

Stable under normal conditions.

#### 10.3 Possibility of hazardous reactions

No data available.

#### 10.4 Conditions to avoid

No data available.

#### 10.5 Incompatible materials

No data available.

#### 10.6 Hazardous decomposition products

No data available.

### 11. Toxicological information

#### 11.1 Information on toxicological effects

|                                  |                             |
|----------------------------------|-----------------------------|
| Acute toxicity:                  | No data available.          |
| Primary irritant effect:         | Safe for use on human skin. |
| Eye Irritation:                  | No data available.          |
| Other toxicological information: | No data available.          |

### 12. Ecological information

#### 12.1 Toxicity

No data available.

#### 12.2 Persistence and degradability

No data available.

#### 12.3 Bioaccumulative potential

No data available.

#### 12.4 Mobility in soil

No data available.

#### 12.5 Results of PBT et vPvB assessment

|                                                                                   |                                                       |                            |              |
|-----------------------------------------------------------------------------------|-------------------------------------------------------|----------------------------|--------------|

|                                                                                   | <b>SANG EN POUDRE</b>                                 |                            | Version : 1  |
|                                                                                   | Review date: 26/09/2025                               | Printing date : 23/10/2025 |              |

No data available.

#### 12.6 Other adverse effects

No data available.

### 13. Disposal consideration

#### 13.1 Waste treatment methods

|                                 |                                                                                    |
|---------------------------------|------------------------------------------------------------------------------------|
| Product:                        | Dispose of contents in accordance with licensed collector's sorting instructions.  |
| Recommandation about packaging: | Dispose of container in accordance with licensed collector's sorting instructions. |

### 14. Transport information

In accordance with ADR/RID/IMDG/IATA/ADN: Product isn't considered like a hazardous product.

### 15. Regulatory information

#### 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

No additional information available.

#### 15.2 Chemical safety assessment

No chemical safety assessment has been carried out.

### 16. Other informations

Regulatory requirements relative to the distribution of this MSDS: In accordance with the regulatory requirements, all information in the MSDS must be transmitted by the MSDS recipient to the health authorities, to any party receiving the products and to any other person likely to be exposed to the products.

Asterisks (\*) on life show modifications with regard to last chemical safety data sheet.
